

Extreme Weather – Getting Prepared

We will use our text message service to alert parents and staff when severe weather causes the school to close. We will only send you a text if the school is closed or is about to close. This may happen in the middle of a school day if the snow suddenly becomes very heavy.

If the roads become blocked, children will always be kept safe at school with at least one member of staff until someone is able to collect them.

Following a day of closure you can assume that the school will be open again as normal unless we send you a new text message. For this system to work, it is essential that we have your current mobile number and that you tell us if you change it.

We will do our best to keep school open whenever possible. In the case of snow, please send children to school wrapped up warm and with a change of clothes as we will be outside playing snowballs and making snowmen!

We will endeavour to run Early Birds and Evening Owls as normal if school is open. If these services need to open late or close early parents will be given as much warning as possible.
