

Braywick Court School PTA

Since we formed in 2015, the PTA, together with our wonderful parents and teachers has been a key part in bringing everyone together to build a strong Braywick Community. We all lead busy lives, but we all hold the same values in that we wish to help our children to learn and grow and to be part of a loving school community. So, regardless of how much or how little time you can give we would welcome parents, grandparents and carers of our pupils to join us! From manning stalls at events, helping with admin, planning and leading events we would be so grateful for any help and ideas! We are also here to support new parents and children so please get in touch if there is anything we can do. Join the Community page for updates on our upcoming events, meet & greets, reminders and for info!
