

Sports Premium Funding 2022-2023 £18,140

At Braywick Court School we recognise the contribution of PE to the health and well-being of the children. We believe that an innovative, varied PE curriculum and extra-curricular opportunities have a positive influence on the concentration, attitude and academic achievement all our children.

The government has provided additional funding of over £450 million in the last few years to improve physical education. Our Primary School Sport's funding has enabled us to continue and extend our provision through employing additional sports coaches during PE sessions, contributing to the range of After School clubs provided a wide range which include Dance and Gymnastics to Invictus games which introduce Paralympic sports.

Primary School Sports Funding

Information about the Government initiative for funding sport in primary schools can be found at: www.education.gov.uk

What is the Sports Premium?

The government is providing funding of £150 million per annum. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and the money goes directly to primary school Head teachers to spend on improving the quality of sport and PE for all their children.

Purpose of the funding:

The premium must be used to fund additional and sustainable improvements to the provision of PE and sport, for the benefit of primary-aged pupils to encourage the development of healthy, active lifestyles.

Impact of Funding:

The Sports Premium funding has had a profound and inclusive impact on every child in our school community, while simultaneously adopting a targeted approach to ensure the specific needs of Special Educational Needs (SEN) and Pupil Premium children are addressed effectively.

For every child, the Sports Premium has created an environment that fosters physical fitness, mental well-being, and social cohesion. All students have enjoyed access to a diverse range of sports activities, state-of-the-art equipment, and well-trained Teachers. As a result, participation rates in sports have increased across the board, encouraging an active and healthy lifestyle among all our students.

Moreover, the targeted approach directed towards SEN and Pupil Premium children has been instrumental in addressing any barriers they may face when engaging in sports. The tailored interventions and additional support have promoted inclusivity, allowing these children to actively participate and reap the benefits of physical activities. By providing appropriate accommodations, specialised coaching, and access to adapted equipment, we have witnessed remarkable progress in their physical and emotional development.

The impact of the Sports Premium on SEN and Pupil Premium children has extended beyond the playing fields. The boost in self-confidence, self-esteem, and social skills among these students has translated into their academic pursuits and overall well-being. The targeted approach has helped bridge achievement gaps, ensuring that all children, regardless of their background, have an equal opportunity to thrive and succeed both in sports and their studies.

Furthermore, the targeted funding has facilitated close collaboration between teachers, coaches, and support staff, fostering a holistic approach to support for SEN and Pupil Premium children. By working together, we have identified their individual strengths and challenges, allowing us to tailor sports activities that cater to their specific needs and preferences.

The Sports premium funding as also allowed for equal access to intra and inter competitions giving all our pupils a chance of representing the school.

Swimming:

This year, at Braywick Court there has been a successful whole school swimming programme from EYFS to our Year 6 class. The swimming program aimed to improve water confidence, stroke technique, and overall swimming abilities of our Year 6 students. Each student attends for one half term worth of lessons at the local Braywick Leisure centre. The program was designed to cater to varying skill levels, ensuring that all students received personalised attention and support. We are very pleased to announce our results.

PE Budget 2022-2023- proposed spend -2023-24

Budget	Actual Spend 22-23	Projected spend 2023-2024	Impact
Netballs x3	£0	£180	Extra netballs in class and club allow all pupils to work in small groups thus increasing confidence and competence in catching and throwing. Due not adding to any
Rugby balls	£0	£160	Introduced a new sport to many of the KS2 pupils. This enabled them to transfer skills learnt in other sports.
Footballs x8	£240	£200	Due to popular demand in afterschool club more footballs were brought to ensure every pupil was able to play in small sided games. Increase in footballs has allowed us all to make sure that

			everyone is participating in 30 active minutes at school. Moving onto the next academic year the football spend will still be high with a particular focus on girls football.
CPD	£1500	£2500	Making sure both sports coaches are up to date with the correct pedagogy. An increase in cost can be determined by a new member of the team who will need a lot more CPD opportunities than previous occupants of the role
School Sports Partnership	£2818	£3206.50	This will allow the school to access competitions across all year groups as well as access relevant CPD courses for both the sports coach and the assistant sports coach. The price has increased due to the service level agreement being over two years.
Assistant sports coach	£5000	£3500	With the appointment of a new assistant sports coach, we have increased the PE provision for all children. Additionally, we can maximise the use of outdoor space. The children will be able to participate in a greater number of external competitions across a wider range of sports.
PE equipment (cones bibs and other items)	£250	£60	Due to the Inclement weather, we have had

			to replace a lot of our bibs.
Autumn/ Winter and summer x15 after-school sports clubs – football, Tag Rugby, Badminton, Ultimate Frisbee, Sports Hall athletics, Handball, Netball, Gymnastics, Dance, Boccia, Benchball, Dodgeball, Cricket, Athletics, Tennis,	£1500	£500	Children will be able to develop new skills and try new sports. Encouraged to develop the skills they need in order to competitively participate in events. Due to COVID the numbers have been increased but not to the level pre COVID. 2022-2023 academic year the cost has gone down due to more clubs being run by the assistant sports coach.
Spring 1 and 2 and summer 1 and 2 Morning clubs x3 Benchball, Tennis, Football, Athletics	£800	£800	Children will be able to develop new skills and try new sports. Encouraged to develop the skills they need in order to competitively participate in events.
Athletics equipment	£150	£0	New athletics equipment was needed to make sure the school could deliver the lesson properly.
Braywick leisure centre hire Autumn, Squad training and Free sports	£5747	£6500	To have viable space for all pupils to have excellent PE lessons. This space will be used for KS2 for a wide range of topics in PE. We have increased the space so we use it for lunchtimes as well. This has allowed us to target specific groups of pupils and make sure all pupils get their active 30 minutes.

			Price increase has gone up in line with inflation
Tennis balls	£100	£0	Tennis balls need replacing due to the stock running low.
SEN equipment	£100	£0	Due to the increased number of SEN pupils in our school, we are planning to purchase specific equipment to ensure PE is accessible to all.
Rounders poles	£0	£100	Rounders poles need replacing
BPET medals	£0	£400	Due to the new role taken on by the sports coach medals, medals will have to be ordered for all the BPET tournaments.

Money Received 2022-23 : £18,140

Money spent 2022-23: £18,205

Projected spend 2023-2024: £18,106.50
